HANCOCK COUNTY  
PARTNER AGENCY: HANCOCK COUNTY REPAIR AFFAIR**

#1 – A disabled elderly lady, who is restricted to a wheelchair, could not get into or exit her home because the porch was falling in and impassable. One of our local Church groups came to us requesting some funding help to demolish and rebuild a porch with a small ramp to accommodate her need. The Hancock County Repair Affair furnished the material and the Church group performed the work.

#2 – A young disabled husband and wife with two children became destitute without a home. A local Church helped them find a mobile home, but it needed an electrical underground service ran to supply power for the home. They also needed a porch structure for the home, for the children to be able to safely enter and exit the home. The Repair Affair provided the funds for the material and volunteers from the Church and other groups provided the labor.
