

UNITED WAY OF THE OHIO VALLEY
McLEAN COUNTY
PARTNER AGENCY: HELP OFFICE OF McLEAN COUNTY

We opened up one morning and someone had left a drop off outside the door, clothes, shoes and a tank to a commode, we laughed and wondered what we would do with a tank to a commode and no commode. Just as soon as we opened a woman called needing it, she had seen it sitting outside and had been praying for one. Her tank was leaking and she wasn't able to buy one till the next month. We threw up our hands and praised Jesus, we were glad to be the tool He used to get her need answered.

WHAT DIFFERENCE WILL YOUR INVESTMENT MAKE?

We offer to each family two times a year help with a utility bill or medication and we have a limit on this assistance. In the past we could only help with \$25.00 two times a year. With increasing prices on utilities and medicine this would be a blessing to be able to increase our monetary help. \$100.00 will buy a lot of food items on sale we are avid users of coupons and watch for sales at groceries. Our volunteers are avid shoppers with getting the very most for our money. Always looking for sales and driving their own cars to pick up the necessary items. We are truly grateful.

With your investment of \$100 to the **McLean County Help Office** can:

- Assist a family with their electric bill
- Assist an elderly client with purchasing their medications
- Assist families with much needed nutritious food
