PARTNER AGENCY: DANIEL PITINO SHELTER**

I am writing this letter to tell you how much my family and I appreciate you guys and what you guys do. If it was not for you guys and this shelter my family and I would be living in the streets. You guys give people like us hope and strength to do better. As a child raised in the foster care system, I always promised myself I would never allow anything to like that to happen to my children. At one time, that was exactly what was about to happen until a very kind person told me about the Daniel Pitino Shelter. I cannot tell you how many times my son has been bad in the last three months, I felt like I was failing as a mother. This shelter and the workers have made me breathe a little easier at night and made me feel at home, safe and secure. I haven't had that feeling in a long time. I thank you for giving me and my family a place to stay, food to eat, and for making my family feel safe and secure. My son is finally more stable health wise than he has been since he was born. The cause of the problem issues were due to the living environments prior to moving here. The fact he is now not having those problems shows we are in the right place. For everything you all do for us I am eternally grateful. Thank you from the bottom of my heart. We have found a house we now rent and can call home.
