

**UNITED WAY OF THE OHIO VALLEY
UNION COUNTY
PARTNER AGENCY: BEN'S PLACE ADULT DAY HEALTH CARE**

A young client recently out of high school needed continuous supervision. The mother worked during the day and the other siblings attended school. Ben's Place was the solution. Our socialization and activities are similar to the high school atmosphere which the client enjoyed. It was a smooth transition for the client. The mother is at work knowing that her family member is settled and has made friends with other clients.
