

UNITED WAY OF THE OHIO VALLEY

UNION COUNTY

PARTNER AGENCY: BOY SCOUTS, LINCOLN HERITAGE COUNCIL

Troop 27, Boy Scouts of America, is chartered to St. Ann Catholic Church of Morganfield, located in Union County. The Troop has worked with a multitude of boys from Union and its surrounding counties. Several of those boys have even gone on to achieve Boy Scouts' highest rank of Eagle. One of the Troop's newest Eagle Scouts is Logan Willett. Logan achieved the Rank of Eagle this past year. He enjoyed attending summer camp at Roy C. Manchester Scout Reservation, merit badge university events held on the nearby college campuses, and many other outdoor activities including several camp outs. During Logan's tenure in Troop 27, he held many leadership roles, which included Patrol Leader, Assistant Senior Patrol Leader and lastly Senior Patrol Leader for the Troop. Logan's Eagle Scout Project involved beautifying the cemetery plots of local Veterans in two separate cemeteries in the city of Uniontown, Kentucky. One of the cemeteries was affiliated with St. Agnes Catholic Church, while the other was the Uniontown City Cemetery. Logan wanted to show his respect to the Veterans in honor of their service and sacrifice to our great nation. Logan planned, recruited, and led the other scouts in the troop as well soliciting assistance from several adults in the community. The volunteers helped Logan identify the cemetery plots, logging these plots from each of the cemeteries, photographing each headstone, cleaning each plot, and lastly creating a web page depicting each Veterans' remains. After the photographing and logging stages of the project, Logan with the assistance of the webmaster from St. Agnes Parish created a web page to record the locations of the Veterans' plots located within the two cemeteries. This will make it easier for family members to locate their deceased Veterans especially those living out-of-town. Logan is a very hard and diligent worker. He achieved the Rank of Eagle Scout while simultaneously operating his own lawn and landscaping maintenance company. He is currently attending the local community college in addition to running his company.
