

United Way of the Ohio Valley

## Union County United Family Services Case Story

The goal of our agency is to support clients needs while encouraging self sufficiency.

We offer budgeting classes, wise shopping classes. We also case manage to help families achieve steady income to promote paying their bills and to promote safe and affordable housing.

We hope to continue to serve as a support system. I hear daily, You save us, or we didn't know what we were going to do. We have seen families go on to prosper and become contributing members of society based upon, "We were here when they needed us.

A young woman whom we offered utility assistance to last year is now the acting manager at a "large housing complex".

We help change lives "one" person at a time.

# How Dollars Help Our Clients

**\$100**

This would provide one time emergency rental assistance.

**\$500**

This would purchase food to provide nutritional needs.

**\$1,000**

This would provide help to 13 families in position of being without utilities.
