

God's House of Hope

God's House of Hope is located in Island, KY. We serve all of McLean County. We provide food and some personal items to the elderly as well as those in need who are too young to receive government commodities. We are open Monday and Thursday from 9:00 am until 12:00 noon on the first three full weeks of the month.

Volunteers are here several other days during the month, preparing for days that we are open. There are also days when we receive donations which require us to pick up and transport back to our facility. Several volunteers always show up to store the products until they are to be given out.

We have a regular fish fry on the 2nd of every month. During the pandemic we have not been able to do this but will continue when restaurants can open at full capacity since our building gets really crowded during the fish fry. This is an all you can eat dinner with the volunteers cooking, serving and cleaning. We usually have a large crowd at this monthly event. We also have several churches in our community who donate to help us continue to serve our community. Someone is always available to come and gather emergency food and supplies for families or individuals who are in need.
