Reminder Emails

While we've provided email templates for standard campaign milestones, we suggest that you keep your staff up-to-date about the activities that have occurred, progress on volunteer hours, monetary contributions, etc. and ways that employees can engage if they have not already. It is especially useful if you thank those who have already given, ideally calling out by name volunteers or donors who have gone above and beyond in their commitment. Best practice indicates that 3-4 of these reminder emails will suffice, so that employees are not overburdened with multiple email communications. Here are some of the occasions you might consider sending a reminder email:

- In the beginning and midpoints of the campaign
- After a Leadership event
- Recapping an employee team-building experience, volunteer outing or service provider tour
- If you reach or surpass a goal in giving or volunteerism
